Von Abby Levine : Gretchen Groundhog, It's Your Day! (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Gretchen Groundhog, It's Your Day! (English Edition):

I used it in my classroom on Grondhog's day, and we had the greatest activity with it. It is an up-dated and fun way to view this holiday. Students loved it, especially when Gretchen recieved support letters on her e-mail account. The illustrations are also beautiful, and the groundhogs look very believeable. The best thing about this book is the letters Gretchen recieved from past groundhogs who also looked for their shadows. Goody Groundhog, the early colonist, talks about her fears. Gloria Groundhog, the movie star also provides insight for Gretchen. It is my opinion that there is no other book to use but this one for Groundhog's Day

Kurzbeschreibung It's almost Groundhog Day, and the town of Piccadilly is all a-buzz because Gretchen Groundhog will not Go Out. Her Great-Uncle Gus is too old to look fo rhis shadow anymore now it's Gretchen's turn. But she's too shy.
