Von Una Cunningham : Growing Up with Two Languages: A Practical Guide for the Bilingual Family before purchasing it in order to gauge whether or not it would be worth my time, and all praised Growing Up with Two Languages: A Practical Guide for the Bilingual Family:

Kundenrezensionen Hilfreichste Kundenrezensionen 11 von 11 Kunden fanden die folgende Rezension hilfreich. Das

Buch ist bewertet! Overrated book! Von Ein Kunde I bought this book relying on its rating. I wonder how why others think this book is helpful or deserves a 5 Star rate. I'm very disappointed with this book. Everything is just a compilation of experiences of other people in my situation. No theoretical, or psychological input. I wouldn't recommend this to anyone at all. Not unless you only want to hear stories from other people. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Book with motivating experiences parents made Von {LS}Hi, The Andersson's compiled a short book, discussing the situation that bilingual families face. My family is German/English and we face this challenge every day. I'm the German father. The book is my first book on the subject (bought awhile ago now) and it won't be my last. As one reviewer mentioned, the book contains many experiences (samples), which are like symptoms. Are these helpful? Surely motivating. I appreciate that the Andersson's are citing reference and sources, as it should be in this league. If you want to add 3 books to your library regarding the subject, add this one too. It's motivating. If you're out for a book with strategies, and additionally this is your only book on the subject, add some other books too. BRPS Keep Biddulph's The Complete Secret of Happy Children always at your side. (<http://www..de/dp/0007161743>) 33 von 36 Kunden fanden die folgende Rezension hilfreich. A practical Guide Von Julie A. Hager I am raising my daughter in Germany. She will be growing up with two languages too. This book was informative. Among the topics were mixed language families and intercultural marriage, developing a language system, language development, advantages and disadvantages of two languages, practical parenting in a bilingual home, problems and motivation. This book also has an internet resources list too. I have this book and also "The Bilingual Family: A Handbook for Parents" in my library. Which I would recommend to all families going bilingual.

Kurzbeschreibung The lives of many families involve contact with more than one language and culture on a daily basis. Growing Up with Two Languages is aimed at the many parents and professionals who feel uncertain about the best way to go about helping children gain maximum benefit from the multilingual situation. This best-selling guide is illustrated by glimpses of life from interviews with fifty families from all around the world. The trials and rewards of life with two languages and cultures are discussed in detail, and followed by practical advice on how to support the child's linguistic development. Features of this third edition include: a dedicated website with new and updated Internet resources a new chapter giving the perspective of adults who have themselves grown up with more than one language a new chapter presenting research into bilingual language acquisition with information about further reading new and updated first-hand advice and examples throughout. Una Cunningham is an Associate Professor in Modern Languages at Stockholm University, Sweden. She and her husband, Staffan Andersson, have raised their four children to speak English and Swedish in Sweden. Pressestimmen 'Every family with two languages should have this book!' - Stephen Ryan, The Bilingual Family Newsletter Kurzbeschreibung The lives of many families involve contact with more than one language and culture on a daily basis.
