Von James Webb, Elizabeth Meckstroth, Stephanie Tolan : Guiding the Gifted Child: A Practical Source for Parents and Teachers (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Guiding the Gifted Child: A Practical Source for Parents and Teachers (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Focus on their psychological and emotional uniquenessVon Ein KundeAs the parent of a gifted child, I found the book's focus on the psychological and emotional uniqueness of gifted children extremely helpful. The book gave me great insight into my daughter's way of thinking and feeling and perceiving the world which in turn led to some changes in my parenting approach that have had enormously gratifying and rewarding results for both of us.1 von 1 Kunden fanden die folgende Rezension hilfreich. An indispensable resourceVon Ein KundeI've returned to this book again and again for advice and reassurance raising a profoundly gifted child. A must-read for those who need a comprehensive understanding of giftedness -- whether your child has been "identified" or not, this should be the first book you buy.1 von 1 Kunden fanden die folgende Rezension hilfreich. A perfect place to start understanding your gifted childVon Ein KundeThis book helped me to realize the special needs and problems that gifted children face. From temper tantrums to societal expectations, this book really gave me a better understanding of my daughter's behavior and needs.

KurzbeschreibungGuiding the Gifted Child has been called the "The Dr. Spock book for parents of gifted children" and is a classic in the field. Translated into several languages, this book won the National Media Award of the American Psychological Association, and has sold over 100,000 copies.The intensity, sensitivity, and other unique social and emotional characteristics of gifted children can put them at risk for problems. Guiding the Gifted Child provides extensive practical information for parents and teachers about gifted children. Topics include: communication of feelings, motivation, discipline, peer relations, sibling relations, tradition breaking, stress management, depression, and parenting strategies.KurzbeschreibungGuiding the Gifted Child has been called the "The Dr. Spock book for parents of gifted children" and is a classic in the field.
