Von Professor Martin Durrell : Hammer's German Grammar and Usage (Routledge Reference Grammars) before purchasing it in order to gage whether or not it would be worth my time, and all praised Hammer's German Grammar and Usage (Routledge Reference Grammars):

Every rule is clearly explained and written in a concise clear manner. I have 4 months of German and I wanted to a clear book, and the workbook (purchase separately) to study for my official German certificate of proficiency. This is an excellent book, but that is said because I have a

foundation already.5 von 5 Kunden fanden die folgende Rezension hilfreich. The best German grammar for English speakers that I have encountered. Von R. Parker This is the best German grammar for English-speaking learners that I have encountered in 40 years. If it's not in here, it's not worth bothering with. While I have several grammars in German, they obviously don't compare and contrast English usage, which I often find of great value. The book has very broad scope, and often goes into great detail. This can make it difficult to stay focussed. Highly recommended.2 von 2 Kunden fanden die folgende Rezension hilfreich. Incredible Von Henry Baxter If you are interested in every facet of German grammar, then this book is for you. If you are looking for a book to improve your conversational German, this book is probably too dense and detailed. Still great to have - an astonishing distillation of knowledge.

His use of 'real' examples to illustrate the language is innovative and much to be applauded."
