**Von Melanie Jones : L'Amour Actually: Falling in Love in the Heart of France (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised L'Amour Actually: Falling in Love in the Heart of France (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Ganz

nett, aber nichts besonderes Von Steffi Das Buch ist ja ganz nett als Urlaubslektüre, aber es dmpelt so ein bisschen vor sich hin. Ein richtiger Hhepunkt ist nicht erkennbar. Die Protagonistin ist mir auch zu naiv.0 von 0 Kunden fanden die folgende Rezension hilfreich. Meh Von Jacky from Germany Not very well written, but an interesting book. The author obviously knows what she's talking about, but it did lay on the romance of living in the countryside a bit thick. Despite that, all-in-all a feel-good read.

Kurzbeschreibung "The woman was one of those irritating expat types who felt she owed it to the world to impart on her all her superior knowledge of life in France. I realised that if I didnt stop her now, shed be bending my ear all the way to Bergerac. Actually, I said, leaning in toward the woman, Im planning to integrate my way into the boxers of the first good-looking Frenchman I see. Cant think of any better way to learn the language myself. You wouldnt happen to know the French for "fancy a shag?" would you? Voulez-vous coucher avec moi just seems a bit nineteen-seventies these days." After one particularly bad day at work, advertising executive and confirmed city girl Melanie Jones decides to give up her old life in search of something new and simpler in South West France. With little knowledge of the country, even less of the language and just the memory of a disastrous school French exchange and a few day trips to Calais, she embarks on her adventure with a suitcase full of optimism and not a little bit of naivety. After all, how different can life in France be? After a series of adventures with skirt-ripping tractors, handsome twin farmers, celebrity not-quite-beens, unusual toilets and a bonkers ex-pat community, all topped up, of course, with lashings of ros, Melanie begins to discover that her new life in France isnt quite what shed thought it would be. Pressestimmen 'Escape reality in this lovely book, where you will really feel like you are in France.' Aura's Little Book Blog Kurzbeschreibung "The woman was one of those irritating expat types who felt she owed it to the world to impart on her all her superior knowledge of life in France.
