KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Very

compact and thus not very comprehensive Von Andr Clausen This dictionary is extremely compact; it consists of just a few pages with some of the more common words at the time of writing. That makes it rather easy to use and is probably a good start if you already know Lacotah grammar, but eventually you will want to switch to more comprehensive dictionaries. For Lacotah newbies, the larger dictionaries with more information on grammar and pronunciations are recommended.
