Von Suzanne Barron-Hauwaert : Language Strategies for Bilingual Families: The One-Parent - One-Language Approach (Parents' and Teachers' Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Language Strategies for Bilingual Families: The One-Parent - One-Language Approach (Parents' and Teachers' Guides):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Etwas akademisch, aber trotzdem wertvollVon Eric VivasZwei-dreisprachigkeitsliteratur ist schwer zu finden und da es ein schwierig zu untersuchendes Phnomen beschreibt, darf man auch keine einfachen/unterhaltsamen Werke erwarten. Mir hat es mit der 3-sprachigkeit unserer Kids geholfen indem es Beispiele anderer Familien beschreibt und erklrt.

Grundsätzlich ist es wie mit der Erziehung generell, es hängt von vielen Faktoren ab und erfordert viel Hingabe aber es lohnt sich.

Kurzbeschreibung Lots of new parents these days have the opportunity to bring up their child with two or more languages because of increasing job mobility and the global community. The benefits of bilingualism and biculturalism such as higher cognitive skills, an awareness of language and sensitivity to other cultures, are being increasingly recognised. However many parents don't know how to start, what methods to use or where to seek help when facing problems. Now Suzanne Barron-Hauwaert, a mother of three trilingual children, teacher and linguist who has lived and worked all over the world, has written a book which provides an inspiring approach to passing on two or more languages to your children. In *Language Strategies for Bilingual Families* she considers several methods of bilingualism and focuses on the one-person one-language approach, in which each parent speaks his or her native language and is responsible for passing on his or her culture. Suzanne questioned over a hundred bilingual families about their experiences and she interviewed thirty families in depth. The results of her study are linked to current academic research, but the book is both readable and relevant to non-academics and provides fascinating insights into being a multilingual family. It will prove an exciting and stimulating read for potential and current mixed-language families.

Pressestimmen Suzanne has written a superbly clear and accessible account of the daily challenges of family life with several languages. Her recommendations are substantiated by extensive research and show great insight into children's language development. I particularly enjoyed the numerous case-studies of multilingual families, and I would warmly recommend this book as the 21st Century guide to parents of multilingual children. - Helen Le Merle

This book provides an excellent framework for parents who are interested in and concerned by raising bilingual children. - Dr. Beate Luo, Linguistlist
