**Von Bob Larson : Larson's Book of Spiritual Warfare** before purchasing it in order to gage whether or not it would be worth my time, and all praised Larson's Book of Spiritual Warfare:

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. I wish I could give this book negative starsVon Ein KundeBob is laughing his way to the bank. As a Christian, I am offended that he doesn't exorcise his own demons of adultery and greed. Instead, he preys upon the faithful who have not evaluated his teachings and personal antics against Scripture.Bob Larson is a con-man who writes non-sensical

garbage in order to pay the mortgage on his Vail, Colorado mansion. I am mortified that he can laugh in the face of Christ, propagate Satanic Ritualistic Abuse hysteria and diagnose people with MPD or other psychological disorders. I do not believe this man has any medical or Biblical training. I'll pray for you, Mr. Larson. You are truly an embarrassment to the Body of Christ.

0 von 0 Kunden fanden die folgende Rezension hilfreich. Riveting! Recommended! Von Gary Brown gzz0006@aol.com A glimpse by possibly the world's most educated 'exorcist' on demons and deliverance. Some case studies that although true read almost like something from a horror fiction novel. There are many christian ministers in the world today from all denominations who deal with demons the way Bob Larson does, but few of them in my opinion have the deep incite, revelation knowledge and sheer wealth of experience he has, he definately GETS results! no question about it. His teaching on recognising the difference between MPD (Multiple Personality Disorder) and demons although not exhaustive (no one really knows all the answers on this subject!) is truly fascinating and definately plausible considering many christians have been 'falsely' diagnosed as being demon possessed and suffered deep spiritual harm through it. After reading several books and witnessing exorcism's abroad, this man is right on the money! Despite his high pitched voice and at times his very frank forthrightness in delivering the Word of God on his radio show and TV appearances he is a very humble family man who has totally sold out his life to fulfilling Christ's call to preach 'deliverance to the captives' I have been personally present at a Bob Larson workshop and it was the most amazing demonstration of the supernatural power of God over the forces of darkness that I have ever witnessed. After reading this book and indeed if you are ever privileged enough to go to one of his workshops you will NEVER EVER doubt that there is a Devil, and that the Bible truly is God's infallible Word.

Recycled Literary Goulash -- Virtually Inedible Von Ein Kunde Al Gore would be proud of Bob Larson: He recycles the same tired material over and over again. And LBSW is no different. If you have slogged through any of Larson's often-tiresome ghostwritten tomes on "spiritual warfare," you have already read the bulk of this one. Bible Answerman Hank Hanegraaff has said that Bob Larson "wouldn't know a demon if it bit him on the rear," and if you read his collage of undocumented tall tales, you'll understand why many legitimate Christian ministries refuse to have anything to do with him. Larson makes absurd claims (that demons have stolen his briefcase, tried to kill him, and even physically impersonated him), and these days, spends the bulk of his time casting out demons of "heartburn" (as reported by the Evangelical Press news service). He has also been caught exorcising the same "victims" over and over again (this time by NBC). If you really believe that demons cause halitosis, this book will be "riveting" reading -- assuming of course that you can read at all. For the rest of you, Larson's latest ghostwritten mess is recommended ... as a work of fiction

Kurzbeschreibung Larson's Book of Spiritual Warfare is a window into a world many Christians have no idea exists. An expert on the occult, cults and supernatural phenomena, Bob Larson provides a comprehensive guide to the motivating factors of much of the deviant behavior occurring in society today.
