**Von Chris Nickson : Lauryn Hill: She's Got That Thing** before purchasing it in order to gage whether or not it would be worth my time, and all praised Lauryn Hill: She's Got That Thing:

emotional account of Hill's achievements  
Von Ein KundeAs a huge fan of Lauryn Hill, I thought I already knew a lot about her. Still, Chris Nickson provides extra substantial information for everyone interested in the young artist. Without having had the chance to speak to Hill personally and engage her in discussions, he manages to give a gripping account of her career achievements by solely drawing his material from previous articles about her. The result is quite appalling, and, luckily, he leaves speculations out. This is not a huge biography, but it's an emotional report of someone who clearly adores Hill and wanted to write about her as soon as possible.

Von Ein KundeI love Lauryn Hill, but this book doesn't tell her whole life story and everything you wanted to know about this influential, aspiring, great musician.

Von Ein KundeThis book is really good. It really describes how incredible of person Lauryn is. I love Lauryn, and I think it's a great biography!
