Very useful approach!Von ninschWhen you are learning German (or any language) reading and listening are really important. Most standard textbook don't give you enough material. I bought this book because I needed some additional texts for my students. The text are very well done - every day vocabulary, a lot of repetition, you immerse into the language naturally. it's really useful that you can listen to them on youtube!0 von 0 Kunden fanden die folgende Rezension hilfreich.
