Von Elizabeth Menelli, Zack Sterling : Learn Sign Language - Basic Sign Language Lessons for Everyone (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Learn Sign Language - Basic Sign Language Lessons for Everyone (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 1 Kunden fanden die folgende Rezension hilfreich. Only numbers and letters - sorry for expecting moreVon thomas nI would have appreciated easy signs for easy words. Letter

by letter is too much for me at the moment, without real need in my family.

Kurzbeschreibung So many people want to learn sign language today. Research suggests that body language contributes to more than half of your daily communication. Think of the difference it could make in your life if you could improve on your nonverbal communication skills: - While other languages are slowly disappearing, sign language remains to grow year by year. - You'll be able to communicate with other people who don't understand your dialect. - You can understand and communicate your message with the deaf and the mute. - More and more employers are looking for qualified applicants who know sign language. The possibilities are endless! The Learn Sign Language book helps you achieve growth in your nonverbal communication skills. This book will teach you the basics that you need to learn which can serve as a stepping stone to mastering sign language. Use Learn Sign Language as a reference book or a study guide so you can discover the world of sign language.
