Extensive collection of informationVon Angel HeartAt first, I was somewhat overwhelmed but the many pages filled with every imaginable detail about content, characters etc. This was not what I had expected, since I thought I would be given more instruction on how to plan my lessons. This passage in the book seems to be rather short in comparison with the rest (plot summary etc.), however it contains some very good ideas for teaching the novel. I missed some clues concerning the age of the intended readership, though.
