A really great read!Von BurcuIt is a very helpful book for all those who have the dream to become a model.Lisa Phillips explained the Modeling business very well, it's very informative. She kept it short and simple, so it's easy to read. Now, after reading this book, I have a much clearer plan how to start in this business and which important points I

have to mind. One thing which I wished to read in this book is an Example of how to (e-)mail an Agency, what to write in (how much text, which information and so on- just to get an idea about). All in all- it's fantastic. Thank you Lisa Phillips! :)

Kurzbeschreibung Model Scout Lisa Phillips has made looking for a Modeling agency in Los Angeles easy and foolproof, with her step by step guide to getting signed. Lisa's List has become the Most trusted Guide for aspiring models looking to start their careers as a model. It's a very simple to follow and get started today! Fed-up with Scam Agencies and getting turned down by the Top agencies? Well, this 3 step guide shows you exactly how you can show the right pictures to the right agencies and start working as a model in Los Angeles TODAY, even while still in High school or on your summer breaks. Even if you are more commercial or over 25, Lisa has listed the top Commercial print agencies too. Modeling agencies are always looking for New faces and talent and aspiring models need to know what agencies want to see. So many models are sending agencies the wrong pictures and missing out on working in this exciting career because they are simply not educated with how modeling agencies in Los Angeles work. Once you read this GUIDE you will finally understand what you need to do to become a working model in Los Angeles. Lisa's List of Los Angeles modeling agencies will be the only agencies you need to submit too. After reading this ebook you will know exactly what you need to do to find success as a fashion model or a commercial print model in Los Angeles. A lot of aspiring models don't know that you can start working in Los Angeles before you try to work with a New York Modeling agency. Los Angeles market is easier, as agencies will sign a model shorter and more commercial "pretty" than the edgy editorial agencies that smother the NY Market. Starting in Los Angeles helps you to learn the business, educate yourself, build your book and start building your client base. Los Angeles has many fashion Models working there every summer with great up and coming fashion designers and many fashion magazines and high end catalogs shoot there every season. As a mother agent to fashion models at Mugshot Management, based in New York City.
