All You Need Is LoveVon Ein KundeAs a single mother with an adopted daughter and an extended family of friends, this is the perfect book to share with my child. Even though all the animals look different, they all love little gorilla and help him out. Also, great for learning animal names and some colors. What a great book! I hope it never goes out of print.0 von 0 Kunden fanden die folgende Rezension hilfreich. Everyone loves little gorilla and so will you!Von Ein KundeMy 2 children made me read this book to them over and over till the cover fell off and the pages were mended with too much tape. They are now a teenager and a young adult and they can still tell the story (sometimes word for word) of Little Gorilla and the hugs and kisses that they got as we read the story together.0 von 0 Kunden fanden die folgende Rezension hilfreich. Warm and lovingVon Ein KundeA favorite book to read aloud. Every time I do, the kids all sigh at the end. The message assures us that we are always loved, no matter what! For all ages (I think grownups need it, too!)

KurzbeschreibungA simple rhythmic text portrays Little Gorilla, who is loved by everyone in the jungle as he begins to grow . . . and Grow . . . and GROW.Pressestimmen"Little Gorilla's velvety-soft world seems as comfortably secure as the story's evocation of love and friendship." Booklist, ALA
