An interesting take on racism in AmericaVon Ein KundeI was impressed to find this book at my public library. It is an important remembrance of some of the movements that were occurring during the 1940's through the 1990's. Lots of acronyms! Some of the history of the splits in the Party got tedious.It was interesting to read about some of the options

people had besides the Panthers, to hear the view of taking responsibility, not only blaming the man for the situation. And to reaffirm the idea that a great shift in society needs to occur before we can have true equality. NO JUSTICE, NO PEACE!

Kurzbeschreibung *Living for Change* is a sweeping account of the life of an untraditional radical from the end of the thirties, through the cold war, the civil rights era, and the rise of Black Power, the Nation of Islam, and the Black Panthers to the present efforts to rebuild our crumbling urban communities. This fascinating autobiography traces the story of a woman who transcended class and racial boundaries to pursue her passionate belief in a better society. Grace Lee Boggs was raised in New York City during a time when her father was not allowed to buy land for their home because he was Chinese. Educated at Barnard and Bryn Mawr, Boggs was in her twenties when radical politics beckoned, and she was inspired to become a revolutionary focusing on the black community. During her early years as an activist in New York, Boggs began a twenty-year friendship and collaboration with C. L. R. James, the brilliant and influential West Indian Marxist to whom she devotes a revelatory chapter of this book. In 1953, she moved to Detroit where, she writes, radical history had been made and could be made again. It was also the home of James Boggs, an African American auto worker (and later author and revolutionary theoretician) who would become one of the movements freshest and most persuasive voices, as well as Grace's husband. Beginning with their work together on the newsletter *Correspondence*, Grace and James formed the core of a network that over the years would include Malcolm X, Lyman Paine, Ping Ferry, Ossie Davis and Ruby Dee, Kwame Nkrumah, Stokely Carmichael, and inner-city youth. Rich in the personalities and anecdotes of twentieth-century progressive activism, *Living for Change* is an involving and inspiring look at a remarkable woman who continues to dedicate her life to social justice.
