Great book that parents will love tooVon Coco HuntzbergerGreat Book. I love the pictures and short writing. It has the perfect length to be read to my 1.5 year old son. I already gave it as a present to other kids and they (and their mums) loved it as well. Perfect for all those who love London or just can't read one more story about farms, diggers, etc...I had some trouble with shipping and so was send a fast replacement so great service from the company their too!
