Von Petra Mathers : Lottie's New Friend before purchasing it in order to gauge whether or not it would be worth my time, and all praised Lottie's New Friend:

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Funny, warm, loving look at friendship! Von Elise Primavera I love this world, of Lottie, Herbie, and now Dodo that Petra Mathers has created. You'll laugh but most of all you'll recognize yourself--because who hasn't ever felt like a fifth wheel at one time or another? The art is fresh, and filled with wonderful details of this seaside town--which is so cozy that it makes me want to buy a house there right next to Lottie! And look out for perhaps the funniest line you've EVER seen on a flap! (I won't ruin it by telling you). I am crazy about this book AND the series and I know kids and the adults that read it to kids will be too!! 0 von 0 Kunden fanden die folgende Rezension hilfreich. buy it Von Ein Kunde I recently discovered this series (3 books by Petra Mathers -- this is the 2nd) and I'm already anxiously looking forward to book 4. Great illustrations, sweet story. My 2 and 4 year-olds adore the characters. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Lots of fun Von Ein Kunde Lottie and Herbie return, with Mathers' trademark gorgeous paintings that are quirky, quaint, and very funny. These Lottie books tend to be winners.

Kurzbeschreibung Who does Lottie like best? Herbie wonders when an exotic new neighbor befriends his best friend. That question -- familiar to children everywhere -- is answered with extraordinary warmth, humor, and insight in Petra Mathers's new picture book treat about Lottie and Herbie. We have probably all experienced the trauma of being sidelined by the arrival of a glamorous and interesting new friend, and there can be no denying that it is a painful experience for both children and adults, making us feel lost and lonely while we think our standing as "best friend" has been usurped. In Lottie's New Friend the same problem occurs in the bird world, but there seems to be a solution that can keep everyone happy. Herbie and Lottie are best friends until one day a new comer arrives in their midst and Herbie starts to feel left out thinking that Lottie prefers the company of her exciting new friend, Dodo. Lottie then goes

away for a while and Herbie becomes terribly lonely until he decides to visit Dodo and ends up helping her out of a problem. After this they become firm friends and Herbie learns an important lesson: although Lottie has a new friend in Dodo, she still needs Herbie just as much. This is an unusual story with plenty of illustrations to keep the youngsters happy while they learn valuable lesson for everyone to learn about friendship. (Ages 3 to 5) --Miranda Warren
