Von **Kathy Tatum, Mark Patrick Baker** : **Love Beads from Elvis: The Diary of Kathy Tatum (English Edition)**
before purchasing it in order to gage whether or not it would be worth my time, and all praised Love Beads from Elvis:

The Diary of Kathy Tatum (English Edition):

Kurzbeschreibung "...I wasn't looking for it, but I found it just the same. The red leather covering is well worn, and the locking clasp that once kept my secrets safe from the world is missing. There is duct tape on the binding, and the page edges have yellowed over time, but it is, after all, almost fifty years old. A well-worn Polaroid photo slips out... I remember vividly the night it was taken, oh, to be held in his strong arms. He was beautiful then his skin tanned to a golden brown, his jet black hair neatly combed straight back, how it felt when he gently kissed the back of my neck and sang softly into my ear..."
