Burkart, Jr.The poet, Rilke, once said; "The two greatest gifts given in life are love and death, neither often opened"! This is a story about how two people, from a

serendipitous and chance meeting, learned to open love and death and to keep both open in the process of spiritual transformation and their own eternal connection. This is a beautiful and compelling story, poetically told of not falling in love but being given love for much higher purposes. And it is about a love relationship that embarks on new and uncharted territory in which the two partners muster their considerable spiritual experience and instincts to negotiate life's circumstances as the process involves. The reference points, guideposts, exist in the realm of Esoteric Christianity, long studied by both, independent of each other and before their chance meeting. Jung once commented that there are three kinds of relationships, "those of destruction, those of well being and those of transformation". This is a story of a marriage of transformation. And although a poignant and life changing story it is not some remote love story set in an esoteric setting familiar to a few and of interest to slightly more. It is a story that may well be the most generic of tales. Unknown lands and lesser known people grow and evolve amidst their courage and shame, advances and regressions to forge a tale that drives like a laser beam to the deepest fathoms of the yearnings of the collective human heart; To be loved and known unconditionally by another and to return that love. And in the living of this in life and in death, experience the incredible transformation that emerges for higher purposes.1 von 1 Kunden fanden die folgende Rezension hilfreich. Consequential Wisdom on two levelsVon Lynn C. BaumanThe text of this book is consequential, even critical; love survives death in a paradigmatic form: personal, vital, affecting all our relationships in time and beyond it. The subtext of this book is even more crucial; esoteric Christianity possesses a force capable of transforming the universe and each individual in it. The power of spiritual life expressed in these pages takes us beyond the mere surface of conventional religion and plunges us into an understanding and a practice that will revolutionize life itself, if we will but let it. This book, understood and lived, has the potential to transform not only the individual, but the creation as well. Cynthia Bourgeault's book is an adventure into possibilities and dimensions that have remained closed and unknown to most religious literature. Here new worlds are explored thematically and autobiographically.1 von 2 Kunden fanden die folgende Rezension hilfreich. A Grain of SaltVon Ein KundeI happen to have known the author very well for several years. She is audacious in nature, and her spirituality is mixed with great ambition. A careful look at her personal past, her three marriages, and intense desire for spiritual recognition all suggest care should be taken.

Kurzbeschreibung"Ablaze with passion for the one essential task of the monk: total inner transformation". Brother David Stendl-Rast"Libraries offering titles on mysticism, inner transformation, or dealing with grief will find this a unique and welcome addition."Library JournalThis powerful book, written by an Episcopal priest, tells of her intense relationship with Brother Raphael Robin, a seventy-year-old Trappist monk and hermit. Both believed that a relationship can continue beyond this life, and here Cynthia Bourgeault describes her search for that connection before and after Robin's death. Bourgeault's previous books include The Wisdom Jesus and Centering Prayer and Inner Awakening.
