Von Paul Ferrini : Love Without Conditions (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Love Without Conditions (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. This book is quietly changing my life.Von Ein KundeAs someone who has always had problems with organized Christianity, I approached this book with skepticism. But once I started reading, I found that it cuts straight to the core issues of human existence in a powerful and moving way. The book's key premise is that unconditional love of self

and others is the key to ending human suffering. Rather than being presented in a way which is unrealistic or utopian, the concept is spelled out with great psychological insight and incorporates many ideas I have found in Buddhism and Taoism. The book describes a concrete path for understanding the fear and guilt which keep us from treating ourselves and others with the respect and love we deserve; it teaches us how to really take seriously Jesus' instruction to "Love thy neighbor as thyself." I recommend this book to anyone who is interested in understanding the causes of human suffering and what can be done to leave them behind.

Von Ein Kunde

As I grow in life I am constantly amazed at the ways in which things are either dropped in my lap or I run slam into a wall that just startles me into realizing the greatness of it all. There are plenty of reasons why some people feel hopeless, angry and worried and everyone has a right to these feelings. But just having a right does not make it right. In reality the worries are not going to fix anything, things are going to happen anyway. You do not know whether this minute will bring what you think you want or what you dread the most. But the one thing you can count on is none of it really matters. It is not "If I die", it is "when I die", and it is not "that is a worthwhile person", it is "we are all of the same worth". Reading this book is like reading your own mind and agreeing with your self. Your self incidentally is remarkably like my own self. All our love.

Von Ein Kunde

In Dec. 1995 I inadvertently bought this book in the US, feeling magically drawn to it. It has exactly what this hungry world needs most of all: LOVE. I wished these thoughts to be shared all over this globe to build bridges between peoples. It touches the light of the soul and it is just so right. I wonder if this book e.g. has also been translated into German. If not I'd love to do this, for I am convinced as many people as possible should be able to share mutual love. This could be my share. I'd love to hear from you... Love to all of you... Gaby Haeuser Alte Landstr. 76 69488 Birkenau-Loehrbach Germany

Kurzbeschreibung The messages in this book are the fruit of my personal relationship with Jesus which developed in the 1980s and intensified thereafter. Opening my heart and mind to my teacher and writing down his words was an experience of profound communion. It was essentially ecstatic in nature. During the last 15 years, these messages have been shared with men and women around the world. They have been translated into numerous languages and have been published in many countries. Readers have told me how touched they have been reading these words. They have told me that they feel that Jesus is speaking directly into their hearts. Through their experience of communion with him, their faith has grown and their willingness to trust has deepened. This is perhaps the greatest blessing this work brings to its readers. This work also brings clarification and correction to the body of teachings that have been attributed to Jesus. That body of teaching includes not only what we read in the Gospels, but the concepts and positions adopted by the church hierarchy at the Council of Nicaea when Christianity became the official state religion of the Roman Empire -- and thereafter. Many of these later add-ons are challenged by Jesus in the messages you will read in this book.

Synopsis The incredible book from Jesus calling us to awaken to our own Christhood. Rarely has any book conveyed the teachings of the master in such a simple but profound manner. This book will help you to bring your understanding from the head to the heart so that you can model the teachings of love and forgiveness in your daily life.
