A real winner for children and parents alikeVon JenniferThis was one of my favorite books when I was young, and I was delighted to be able to get a copy for my 3 year old son. The story is quite funny, and made even more so by the chatty style in which it is told. The story introduces a variety of unusual and fun new vocabulary words to interest and challenge both small children and young readers. Its urban (Manhattan)setting is wonderfully described. The story is also a good springboard for discussing tolerance and how to cope with negativity in others. An excellent book for families to share and discuss.0 von 0 Kunden fanden die folgende Rezension hilfreich. I loved Lyle!Von Ein KundeThis was one of my husband's favorite books as a kid. I only read it recently and it's a hoot! Just the idea of a cultured and polite crocodile wandering around New York is hilarious. My 2.5yo daughter also loved it and we read it often now. I also feel that beginning readers (Grade 2-3) could handle the slightly challenging vocabulary, and would appreciate the humour too!0 von 1 Kunden fanden die folgende Rezension hilfreich. My Favorite Book since 3 years old!Von KelleyI listened to this tape and read the book every night for about 4 years when i was younger and one day i lost the tape. I hadnt seen it for the longest time when one day i decided to go online and find it. I was so excited when i did. This is such a wonderful book and tape. If you have children I strongly suggest this book. It is still one of my favorites and it brings back so many memories! If you have a child in your life. BUY THIS BOOK! it WILL be a

success.

Kurzbeschreibung A cranky neighbor puts Lyle in the zoo but experiences a change of heart when the crocodile saves him from a fire.
