Von Daniel Hayes : The Trouble with Lemons (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Trouble with Lemons (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich.
Refreshingly Nice BookVon BarbaraThe Trouble With Lemons by Daniel Hayes is a refreshingly "nice" book to read with the main character, Tyler who does not have to resort to violence to deal with problems. The storyline moves

along at an easy pace and is able to keep the reader's attention without a lot of extra glitz and glitter that some may think is necessary to attract today's young readers to a book. Tyler meets the challenges that he faces and I think the reader will enjoy reading this very well-written book to discover just how he overcomes his difficulties. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Trouble With Lemons Von Ein Kunde This book is poignant and well written, especially in the area of character development. Tyler is a nice kid who deals with life's problems and rises above them. In a time when there is so much violence and greed, it is a joy to find a simple, sweet book that is easy to read, keeps your attention, and does NOT have to depend on hype and glitz to tell a story. This is what reading is about...reading...and enjoying a good story. 0 von 0 Kunden fanden die folgende Rezension hilfreich. The Trouble with Lemons is very easy reading. Von Marcus I give the book The Trouble with Lemons 4 stars. It was a halfway decent book with many surprises. The surprises came suddenly which was great, but afterward there were big lulls and spots where it was hard to stay interested. I loved the character Tyler. He was a kid who thought of himself as a "Lemon." He would trade himself in for a different kid that wouldn't get in so much trouble anytime he had a chance. He figured going to the principal twice a week and using Ms. Weavry's class as naptime weren't things a good kid would do. Then he and his friend Lymie slipped out of the house out and went swimming in the town quarry. Everything was fine until he bumped into the body. It was BooBoo Anderson the school janitor. What were they to do? This book was very easy to read. I would recommend it to any of my friends. It's great for a kid who needs to pass the time.

Kurzbeschreibung His real name was Tyler McAllister, but he felt like a lemon. He had allergies and nightmares, and was the only unfamous person in his family. But one night he and a friend went swimming at the forbidden quarry, and Tyler found a dead body. Now he's determined to find out who killed the man and why they're now after him.... From Award-winning author, Daniel Hayes, The Trouble with Lemons was named an American Library Association Best Book in 1992 and was named an International Reading Association Young Adults' Choices book in 1993 and has been in print continuously ever since.
