**Von Wolfgang Berg : The Tunnel: Knappensuhl's Underworld, Caves, Coins, and Crooks (English Edition)**

before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Tunnel: Knappensuhl's Underworld, Caves, Coins, and Crooks (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. a classic at the top of all sailing literature. Von Peter H. I enjoyed the sailing part in the Caribbean, but when the lone sailor dives into the underworld and survives with luck, a dramatic story escalates into a fight over the treasure that captured me

through a night. The historic flash back at a sea battle with pirates is interesting to read. Having sailed the Bahamas myself I could picture the battle, I have seen the caves, and seen the dark side of Nassau. I would rate this book as a classic at the top of all sailing literature.

KurzbeschreibungThe islanders still tell rumors of treasures hidden by the likes of Morgan, Catt, and Blackbeard in underground caves that penetrate the porous sedimentary rocks of the Bahamas, not even accessible to the most daring spelunkers and cave divers. Eventually the pirates were killed themselves, beheaded, or hanged and the treasures buried forever. Leisurely floating without gravity along a tropical reef, Volkhardt Knappensuhl gets pulled into a blue hole. A tidal current flushes him into an underground tunnel. This story describes his miraculous survival in an underground cave system where he makes a mysterious discovery. The romantic sailing story becomes a deadly fight with gangsters and governments until luck and powerful friendships save his life and one of the largest treasures ever found.
