The authors (Emma and Amanda) are by far some of the most amazing teachers I have ever met!
This book is great for anyone interested in CELTA because you are exposed to the terminology used throughout the duration of the course and feel more prepared for the ups and downs of this experience.

I read this book in the first few days of my CELTA course (MVHS, Feb. 2014) and it prepared me well for what was to come. CELTA is intensive. The workload is immense and, no matter what, you will find yourself staying up late (on the full-time course) to get the work done. The Ultimate Guide to CELTA (TUGTC), however, provides you with the tips and tricks that will help you to do better than just pass the course but to excel in your written assignments and teaching practice. TUGTC follows Harassed Henry, Fastidious Felicity, Chilled-out Charlie, and Anxious Annie -- fictitious characters and stereotypes, perhaps, of CELTA students -- who have strengths and weaknesses in their different approaches to the course. The authors use these stereotypes to teach you what works and what does not work (for long) in CELTA. The authors' checklists throughout the work provide you with helpful things to do and to consider during the course and even prior to the start of the course. Extracts from the diaries of the fictitious trainees also give insight into the emotional toll that CELTA will take on you. With TUGTC you will learn, in advance, how to organise your time, how to make the most of input and observation sessions, how to create great lesson plans and great written assignments. Additionally, you will be brought up to speed on the terminology and jargon of English Language Teaching (ELT). To be forewarned is to be forearmed. Don't go blindly into CELTA. Get this book and spare yourself a lot of grief and heartache.
