

also gives to the point details of the best and worst of the places that you can or cannot visit. You will laugh out loud at some of the wry observations he makes about his hometown and the City. I would recommend this book to anybody who would like understand the heart of New York City and all of its many neighborhoods and boroughs. Buy it and enjoy!

IRREVERENCE AT ITS BEST Von Ein Kunde I thought I was a wiseass, but once I read this New York kid's views and opinions on the city he lives in, I realized I am not even close. His witticisms can get a bid on the "edgy" side, but in the grand scheme of the work, the author's writing comes through with flying colors. A+. I am looking forward to his future works.

Von Ein Kunde The author certainly goes out on a limb to describe the sights and sounds of New York neighborhoods, (A few of his references to some of the poorer areas have to be read to be believed), but does it with a certain panache that screams NEW YORK ! A must read for any local, tourist, or anybody who has a passing interest in Gotham City.

**Kurzbeschreibung** The only guide you will ever need to travel around New York City by subway. From the theater district of trendy Manhattan to the quaint residential neighborhoods of Queens, every single station in the four boroughs has been researched to help you maneuver the system like a pro. Highly informative and resourceful, highlights from Dave Frattini's *The Underground Guide to New York City Subways* include:

- \* Noteworthy stations featuring the best in underground art
- \* The best nearby restaurants for affordable, informal and ethnic dining
- \* Insightful historic information on the IND, BMT, and IRT transit lines
- \* A token rating scale that gives an honest assessment of each station's - Decor - Cleanliness - Safety - Surrounding neighborhoods - Nearby points of interest such as museums, theaters, parks and shopping

New York City residents and visitors alike will find this comprehensive handbook indispensable for riding the mass transit rails.
