Von Thomas Lundmark : The Untold Story of Eva Braun: Her Life beyond Hitler (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Untold Story of Eva Braun: Her Life beyond Hitler (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen4 von 4 Kunden fanden die folgende Rezension hilfreich. Was fr

ein groartiges Buch! Von Jane Austen Dieses Buch stellt eine unglaublich gut recherchierte Biographie von Eva Braun dar. Man möchte gar nicht wissen, wieviel Arbeit der Autor in dieses Werk gesteckt hat. Der Autor wartet mit neuen Erkenntnissen auf, die Eva Braun in einem ganz neuen Licht erscheinen lassen. So war vorher nicht bekannt, dass diese am MRK-Syndrom gelitten hat - eine aufregende Entdeckung, die bestimmt nicht unbeachtet bleiben wird!! Mein Fazit: Ich habe es keine Sekunde bereut, das Buch gelesen zu haben und kann nur empfehlen, es zu kaufen - es lohnt sich! 3 von 3 Kunden fanden die folgende Rezension hilfreich. Sehr empfehlenswert! Von Fitzgerald Dieses Buch ist nicht nur für Leser faszinierend, die generell an der deutschen Kriegsgeschichte und insbesondere dem Zweiten Weltkrieg Interesse haben. Beim Lesen dieses Buches wird einem klar, mit welcher Genauigkeit der Autor die historischen und persönlichen Details aus dem Leben von Eva Braun recherchiert haben muss. Für mich ist dies nicht bloß ein weiteres Geschichtsbuch; vielmehr bekommt man als Leser einen tiefen Einblick in die Persönlichkeit von Eva Braun. 1 von 1 Kunden fanden die folgende Rezension hilfreich. A superb read! Von Eva MA great book, I just love it! It shows Eva Braun (and Hitler) from a completely new perspective. The book has something for everybody, even for someone who doesn't have a clue about history. One can tell that the author must have spent several years researching for this book. I don't regret buying it - the price is actually far too low for such an amount of work. Thanks for an excellent read! Please keep writing!

Kurzbeschreibung This is what readers have previously been told about Eva Braun: that she was a cute, fashion-conscious, athletic, and vivacious 17-year-old salesgirl when she met Hitler in 1929. At that time, Hitler was a flabby little 40-year-old man with a comical mustache who wore the same baggy blue suit every day of the week. Hitler was unemployed, but he dreamed of entering politics; Eva had no interest in politics whatsoever. Even though the two of them had virtually nothing in common, they became romantically involved, according to previous biographies, while Eva was still living at home with her strict Catholic parents. Throughout the course of their relationship, Eva only saw Hitler on rare occasions. When Hitler was away, Eva passed the time by reading movie magazines, exercising, and holding parties for her friends at her house in Munich. Hitler had bought her the house in response to two feigned suicide attempts by Eva. While Eva was never allowed to appear in public with Hitler, Hitler openly enjoyed the company of dancers, opera singers, and actresses. Previous biographers would have one believe that, after 16 years of being ignored by Hitler, Eva went to Berlin of her own free will to marry and then to commit suicide alongside Hitler in his underground bunker. Readers will agree that this cannot be the full story of Eva Braun. There must be more to it. Thanks to the authors 15 years of intensive research, we now know that Eva Braun was the product of a broken home, that her father was an alcoholic, and that she suffered from depression and Mayer-Rokitansky Syndrome or "MRKH," the congenital absence of a functioning vagina and uterus, a condition which affects one in every 4,000-5,000 women. Now, 65 years after Eva's death, this book finally sets the record straight on Eva Braun.

ber den Autor und weitere Mitwirkende Born in San Diego, the author studied comparative literature in San Diego and Uppsala before studying law in Berkeley, Freiburg, and Bonn. He practiced law for a number of years and taught law in San Diego before spending three years as a Fulbright professor in Germany. He is the only Fulbright professor to have served for more than two consecutive years, for which he was personally congratulated by Senator Fulbright on the occasion of the senator's 90th birthday celebration in Berlin. In 1997 the author was appointed Professor of Common Law and Comparative Jurisprudence at the University of Muenster, the first American ever appointed to such a position at a German university. While he has published 10 books on legal topics, this is the author's first biography.
