Von Alexandre Dumas pre : The Vicomte De Bragelonne (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Vicomte De Bragelonne (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A work of art, of course! Von ImpossibleGirl This book, like all of Dumas' other works, is excellent and should be read by all. It's not as action packed, I admit, as the other Musketeer books, however, I find it equally captivating. I think the interaction of the four friends (d'Artagnan, Athos, Porthos and Aramis), and how they deal and act with one another at this point in their lives is very interesting. If you get this book, you better make sure you have close on hand the next

two(Louise de Valliere and The Man in the Iron Mask)because it ends abruptly, leading you in to the next book. But it's definitely a must have.0 von 0 Kunden fanden die folgende Rezension hilfreich. Another great performance from Dumas and his MusketeersVon schorr@erols.comThe Vicomte De Bragelonne is another masterpiece by Dumas. Although not as captivating as the first two books in his series (The Three Musketeers and Twenty Years After), VDB certainly has its moments. VDB is followed by Louise de la Valliere and finally the series ends with the story of the Man in the Iron Mask. This book starts off rather slowly compared to the others and certainly is not as captivating albeit it is a good read. The ending is a little weak too. The middle is simply a page turner. Adventure after adventure. This book sets up the plot for the last two in the series (all three were really one book entitled Ten Years Later). The Musketeers (d'Artagnan, Athos, Porthos, and Aramis) could not be more different in this book. They are taking different sides of the governmental rift as Louis XIV finally makes his rise to power. I recommend this book. END0 von 0 Kunden fanden die folgende Rezension hilfreich. excellentVon Ein KundeWhen I started to read the book I was disappointed that it was about some girls rather than the musketeers but later on I fell in love with the young blonde Louise de la Valliere whose personality in real life was as wonderful as Dumas tried to present in his book even though he did not get into the depth of psychological sides of his characters. I am grateful to him that in all his books he presents the history of his country in such a captivating form that one falls in love with the French history and its rich culture. I recommend to read this book and search for more because many authors use the same characters as in this book in their novels due to the fact that most heroes were real people, who Dumas borrowed from the Louis XIV's court.
