Von Rick Riordan : The Widower's Two-Step (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Widower's Two-Step (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Tres Navarre and his friends still have me hooked!Von K. BarrettImmediately after finishing Big Red Tequila which I loved, I dived right into this continuing saga of Tres Navarre, his cat, his mom, his friends and his adversaries! Too much fun...I don't know much about the music business, but I do know about being an English major and teaching.

Rick Riordan understands it, too. As he writes more and more about Tres Navarre, the reader gains even more understanding of this very self-sufficient but vulnerable character. Tres is all bound up in his past, but unafraid to face the present. He didn't have as much opportunity to use his tai che skills in this book...maybe the bad guys have heard about his prowess in the martial arts and just give him more space. It's fun to experience Tres as he interacts with friends from high school who have chosen questionable career paths--but they all seem to have particular talents that Tres can take advantage of as he works to solve whatever mystery has captured his attention. Everyone in this book has vulnerabilities so they are very believable characters. The plots twists and turns and keeps the reader wondering just how much more can happen. I loved this book. I can hardly wait for the Last King of Texas...it will be fun to see what happens to Tres and Robert Johnson, the cat. I know one thing--it will be thrilling and it will be fun!

READ THIS AUTHOR Von Ein Kunde After years of illegally working without a license, Tres Navarre has been serving as an apprentice private investigator to Eranya Manos in an effort to become legitimate. His current assignment is to conduct a surveillance of fiddler Julie Kearnes, who allegedly swiped a demo tape of a rising musical newcomer, Miranda Daniels. However, as he becomes distracted, his mark is killed by a sniper. Though Eranya, the police, and his older brother tell him to drop the case, Tres cannot let go of it. He soon finds himself embroiled between two rival agents who want Miranda working for them. One of them, Les Saint-Pierre, has vanished and no one except his assistant Milo Chavez seems concerned. The other manager, Tilden Sheckly, has a reputation for eliminating anyone who gets in his way. As Tres continues to investigate the musical dealmaking engulfing Miranda, he realizes that he has placed himself into a dangerous situation in which one misstep could lead to his death.

THE WIDOWER'S TWO-STEP is a wonderful who-done-it, starring an interesting and fun to read about lead character. The support cast adds depth, humor, and reality to a story line that does not miss a beat and Texas has never looked any better. Readers will enjoy this terrific tale and its predecessor, BIG RED TEQUILA. Rick Riordan has the talent to take him to the top on the express lane.

Kurzbeschreibung Tres Navarre has just ten hours before he picks up his private investigator license. On a routine surveillance job, his subject is killed by a gunshot, and suddenly his chances of becoming an official P.I. look like going up in smoke. The victim is Julie Kearnes, a fiddle player who had allegedly stolen the demo tape of an in-demand up-and-coming singer at the centre of a tussle between two agents, one a ruthless manipulator, the other newly vanished. There's a score to be settled, and Tres isn't going to come out second. Hot and heavy with Texan intrigue, The Widower's Two-Step is the second book in the multiple-award-winning suspense series by the internationally bestselling author of the Percy Jackson novels. Pressestimmen "Riordan writes so well about the people and topography of his Texas hometown that he quickly marks the territory as his own."--Chicago Tribune* "The characters are well-defined and original, the dialogue is tough and sharp, and narrator Tres's wry observations make him even more simpatico than the first time around. Riordan showed real talent in Big Red Tequila, but here, he's relaxed enough to make it look easy."--Publishers Weekly, *starred review
