Long's book has given me new inspiration as a preacher and pastor. I wish I had this book as a student! I especially enjoyed the two first chapters, where he gives a solid theological basis for the sermon AND for the preacher. Pastors and preachers do not, as we tend to think, come to

the church from the outside, but are witnesses to The Word coming form within the church itself. He then goes on providing the reader with theoretical and practical advice for building the sermon. Preachers from all denominations will benefit from this book!

Kurzbeschreibung This thorough and detailed revision of *The Witness of Preaching* is even clearer and more helpful than the first edition. Long has updated the language, expanded the key chapter on biblical exegesis, and included more examples of sermon forms, illustrations, and conclusions. He continues to critically engage the best thinkers in the field of homiletics, bringing into the conversation both important new voices and the latest works of those who appeared in the first edition. In addition, he addresses some of the new forces at work, such as the use of video clips and PowerPoint presentations in sermons.
