Von Ein KundeThis book provides the seeker of GOD'S TRUTH, as written in the HEAVEN'S, with the intellectual tools to see the corruption which todays so called "astrology" attempts.

This serves to explain why GOD'S WORD says astrologers are sinners against GOD. What GOD has WRITTEN in the HEAVENS REVEALS GOD'S PLANS ON A SPIRITUAL LEVEL FOR ALL WHO HAVE EYES TO SEE. FOR HE KNOWS EACH STAR AND CALLS THEM EACH BY NAME. THE STARS REVEAL HIS GLORY, HIS POWER, and HIS TRUTH. Mr. Bullinger has presented his book, "Witness of the Stars", and it made me aware of my sin, gave me an opportunity to see my error, repent and seek forgiveness in MY LORD AND SAVIOUR JESUS CHRIST. IT IS WRITTEN IN THE HEAVENS SO WE WILL KNOW. I recommend this book, Witness of the Stars, to all who seek to understand the depth and breadth and height of that which GOD HAS PURPOSED IN EACH OF US. Additionally, this book confirms we are to BE STRONG IN THE LORD AND THE POWER OF HIS MIGHT, and that we are to study to show ourself approved unto GOD, rightly dividing the WORD OF TRUTH. The many references to scripture, provided in Witness of the Stars, can serve to assist you in your study of GOD'S WORD.

Bullinger spells out the meaning of the stars and the zodiac, in their spiritual, uncorrupted state. In our day in age, the astrology is thought of as something for mystics, and generally viewed as satanic by Christians. But did you know that the fathers of astrology were the Bible Patriarchs themselves! God has used the stars as his "storybook in the sky" to reveal His plan of redemption for mankind. In The Witness of the Stars, Bullinger fascinates readers showing them how "the Heavens reveal the glory of the Lord." Just as the ancients taught their sons God's plans through the study of the stars, so you too can experience God's Word through the Heaven's manifestation.

Bullinger ist eine hervorragend ausgeführte Recherche. Der Autor hat es verstanden den Leser mitzunehmen und in Staunen zu versetzen über Gottes faszinierende Schöpfung, hier das Universum. Die verzerrten und von der Astrologie missbrauchten Sternbilder enttarnt Bullinger. Wissenschaftlich fundiert und gründlich recherchiert belegt er ihre wahren Namen und zeigt deren wahren Ursprung in verschiedenen Büchern der Bibel auf. Mit seinen Ausführungen führt er den Leser in die Größe und Weite des Universums ein und zeigt auf, welchen Sinn die Sterne und Sternbilder mit ihren Namensgebungen haben. Nämlich dass sie die Herrlichkeit Gottes deklarieren und den Gottes Heilsplan vor unseren Augen entfalten: das Evangelium durch Jesus Christus. Wer hätte das gedacht, dass Gottes Rettungsplan für seine Menschheit schon klar und deutlich "in den Sternen steht"?! Wer dieses Buch gelesen hat, wird nachts den Sternenhimmel anders betrachten und noch mehr bestaunen als zuvor. Ein beeindruckendes, sehr zu empfehlendes Buch, dem ich unbedingt fünf Sterne gebe.

Kurzbeschreibung The witness of the stars. 313 Pages. Kurzbeschreibung The witness of the stars. 313 Pages. Synopsis In a work of profound interest to students of Christianity and astrology alike, E.W. Bullinger uses astronomy, celestial charts, and quotations from the Bible to make his case for the existence of God's Word within the movements and configurations of the stars themselves. Beginning with proof in Psalm 19 that "the Creator both numbered as well as named the stars of heaven," Bullinger interprets each of the Twelve Signs of the Zodiac as they relate to biblical prophecy, arriving at some interesting-and controversial-conclusions. British clergyman ETHELBERT WILLIAM BULLINGER (1837-1913) was one of the most respected Bible scholars of the 19th century. He is author of numerous works including Commentary on Revelation, Great Cloud of Witnesses, and How to Enjoy the Bible.
