KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Fair, honest, insightful, and sound biblical scholarship.Von Ein KundeContrary to what some may believe from the title, the Women's Bible Commentary does not show favoritism. It simply addresses individual needs/issues and/or individual audiences -- and it does so in a manner that is at least as fair, honest, and genuinely scholarly as most other one-

volume Bible commentaries. Of hundreds of Bible commentaries that we have in the BibleTexts Online Commentary library, not one is so absolutely exhaustive that it includes everything that all of the other commentaries have. Each commentary includes material that its editors consider to be most important within the commentary's intended own scope and within their own editorial perspective -- whether that commentary is a one volume commentary of the entire Bible, a multi-volume commentary of a single book of the Bible, or a multi-volume commentary of the entire Bible. The Women's Bible Commentary not only includes much of the same basic information found in other high quality one-volume commentaries, but it also provides valid information and valuable insights that are not found in other commentaries. It is an excellent biblical commentary worthy of inclusion in any Bible student's library.0 von 0 Kunden fanden die folgende Rezension hilfreich. KurzbeschreibungThe Women's Bible Commentary gathers the best feminist scholars in the field today to produce a commentary on every book of the Bible, including the apocryphal books, with additional articles on the reception history of biblical women, feminist critical method, and women's religious life in ancient Israel and the early Church. The commentary explores the ways in which women and other marginalized people are portrayed in the Bible, and raises questions about gender roles, sexuality, political power, and family life, while challenging long-held assumptions about how biblical texts should be read and appropriated for today. 'With The Women's Bible Commentary, careful and critical feminist biblical interpretation is made accessible for preaching, study groups, and seminary courses.' Professor Letty M. Russell, Yale UniversityPressestimmen'This commentary will raise eyebrows, and it will raise consciousness as well.'
