Sehr empfehlenswert.Von t.kirchnerNicholas Sparks reflektiert in diesem Buch ber seine Kindheit, Jugend und das Erwachsenenalter.Er versteht es, groe Emotionen beim Leser auszulsen. An vielen Stellen kann man schmunzeln,

an anderen aber auch sehr traurig sein; ein sehr emotionales Buch. Wenn man seine anderen Bücher kennt, erkennt man in "Three Weeks With My Brother", dass diese im Grunde eigenes Erlebtes widerspiegeln. Ich habe das Buch in 3 Tagen verschlungen. Es hat mich sehr berührt und nachdenklich gemacht. Ich muss sagen, es ist meiner Meinung nach eines der besten Sparks-Bücher. 3 von 3 Kunden fanden die folgende Rezension hilfreich. Life can really be the basis for wonderful stories Von Janie Just finished this wonderful book, which is a funny but also deeply emotional heartbreaking mixture of a biography a travel book. I always wondered where Nicholas Sparks takes his inspiration from, but obviously loads of the things he writes about actually really did happen to him. A remarkable proof of the up and downs life can bring, which will make you think about your own life, too, and cherish the good times even more. Thanks to Nicholas for sharing these very private moments with us!!! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Two Brothers taking One Vacation Together Telling The Story Of Their Life Von Judith Heddick dear nicholas sparks reader or reader to be, :0) i belong to one of those book-readers that is hooked to the way nicholas sparkes is writing his novels and with every book amazed how wonderful it is written and how deep it touches my heart-each single book of his. when i ordered the book "three weeks with my brother" i didn't know what to expect from/of this book, but the title itself made it sound interesting. nicholas sparks was able to write a wonderful novel connecting a 3 week world travel tour with his brother and giving a closer look into the sparks family with beautiful memories of moments as well as some you would not wish anybody in their lives. i now can understand the way why his books are so emotional, heart breaking and full of love as well as sadness, but see read for yourself! it is more that worth it...Enjoy!

Kurzbeschreibung As moving as his bestselling works of fiction, Nicholas Sparks's unique memoir, written with his brother, chronicles the life-affirming journey of two brothers bound by memories, both humorous and tragic In January 2003, Nicholas Sparks and his brother, Micah, set off on a three-week trip around the globe. It was to mark a milestone in their lives, for at thirty-seven and thirty-eight respectively, they were now the only surviving members of their family. Against the backdrop of the wonders of the world and often overtaken by their feelings, daredevil Micah and the more serious, introspective Nicholas recalled their rambunctious childhood adventures and the tragedies that tested their faith. And in the process, they discovered startling truths about loss, love, and hope. Narrated with irrepressible humor and rare candor, and including personal photos, THREE WEEKS WITH MY BROTHER reminds us to embrace life with all its uncertainties...and most of all, to cherish the joyful times, both small and momentous, and the wonderful people who make them possible. From Booklist Who wouldn't want to go on a trip around the world? When best-selling novelist Sparks receives a travel brochure from his alma mater, Notre Dame, he thinks, "If not now, then when?" and asks his brother to join him. They both have family obligations, but this sounds like the trip of a lifetime, and as the reader soon finds out, they both need to relax. As they journey to faraway places, the brothers reminisce about their unusual childhood. Instead of the idealistic life readers may imagine, their early years were marked by poverty, although redeemed by their mother's great love. Their father was a graduate student working several jobs to support the family, and the boys, best friends as well as brothers, led an independent life filled with adventure, derring-do, and responsibilities beyond their years. This is a rare opportunity for readers to get to know a favorite author as Nicholas reveals the inspirations for his fiction. A must-read for Sparks fans as well as a treat for those who want to find out what makes a family strong. Patty Engelmann Copyright American Library Association.
