to prepare for Sunday school or Bible studies. We love his down to earth plain talk. You don't have to be a theologian to follow along. These books are written from a very humble view, not a haughty standpoint. He brings out so many things that you will say, I never thought of that like that. I personally find that I agree with McGee more than anyone I've ever read before and although I am not a great Bible scholar I do still have an opinion. I have shared these books with friends and everyone is extremely impressed with them. We have the hardbound set and they are not only great books they are also very attractive. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Excellent! Von Ein Kunde  
Insightful and relevant with a practical simplicity and flair. McGee pulls no punches in his commentary, yet always seems to focus on the real message of the Bible...God's amazing and everlasting love for mankind. Great for individual or group studies. Highly recommended!
