Would you let your child be so close to wild animals? There are stories of children being maimed at zoos- as well as trainers!!! Even pet dogs and cats bite sometimes,so imagine the intensity when one of these wild creatures does. It's a miracle and awe-inspiring that she wasn't hurt, but how could the parents magically, "know," that. If she had been hurt or killed, our reactions to this story would be quite different. Is this not exploitation?0 von 0 Kunden fanden die folgende Rezension hilfreich. Tippi Degr als "Mowgli Girl" in traumhaft-realen Bildern (mit Text)Von Axel CSCTippi's Book (in Englisch) zeigt mehr als das, was Sie vielleicht schon gesehen haben: viele Fotos in kleinen Reihen, die dadurch noch bildhafter erzhlen, was die einst Kleine so abenteuerlich erlebte - einfach faszinierend und schn! Dieses sehr preiswerte eBook gibt einen guten Eindruck von diesem einzigartigen (wie es genannt wird) Mowgli Girl. Die Vertrautheit mit Tieren, Natur und auch Natives fesselt derartig wohl aus wie mrchenhafter Welt, die gleichzeitig so real wirkt. Die Anmut der Unbekmmmertheit strahlt in klasse Aufnahmen, die aufgrund des Formats innerhalb der Texte leider etwas klein ausfallen. Da wren ganzseitige einfach brillanter, doch dafr gibt's dann ja die hochpreisigen Bildbnde... Fazit: ein "Must" fr alle, die finden, Tippi, like!0 von 0 Kunden fanden die folgende Rezension hilfreich. Love it! So much truth

Kurzbeschreibung  
This book takes the reader on a delightful journey into Africa and into the world of a little girl called Tippi who tells her unforgettable story on her return from Africa to France at the age of ten. Tippi is no ordinary child. She believes that she has the gift of talking to animals and that they are like brothers to her. Her world is filled with characters like Leon the Chameleon, Abu the elephant whom she calls my brother, and leopards, snakes, baboons, lions and ostriches I speak to them with my mind, or through my eyes, my heart or my soul, and I see that they understand and answer me.  
My Book of Africa contains the words of a little girl who has the gift of reaching out and touching the people and animals of Africa. It's beautifully illustrated with over 100 magical photographs taken by her parents, French filmmakers and photographers, Sylvie Robert and Alain Degré.  
Pressestimmen  
Tippi: My Book of Africa, photography by Sylvie Robert and Alain Degré is an exquisite book of drop-dead photography that will literally have you exclaiming with mouth open, "I can't believe this is real!" In the narrative Tippi explains how it feels to grow up "wild" and how much she loves animals and Africa. She claims that she can communicate silently with each one. A white child, she was born in Namibia and grew up in Africa and is now 23 years old living in France. The photographs of her as a young child in Africa were taken by her parents who are French film-makers and still photographers and spent seven years in the Kalahari taking pictures of meerkats. The images in this book are UNBELIEVABLE as the little girl plays with and rides on various wild animals. She does explain that the animals she is with were either in a park or a protected area, but they are still wild. The photography is exquisite...You just MUST see this book to believe it.
