Von David Haisman : Titanic: The Edith Brown Story (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Titanic: The Edith Brown Story (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Groartiges Buch Von Titanic 1912 Seine Mutter erlebte als 15jähriges Mädchen den Untergang der Titanic am 15. April 1912 und verlor dabei ihren aller geliebten Vater. Dieses groartige Buch erzählt das sehr bewegte Leben der 10fachen Mutter, welches sich in Sdafrika, England und Australien abspielte. Mit 99 Jahren kehrte Edith Haisman (geb. Brown) sogar noch zur Untergangsstelle der Titanic zurück und konnte sich dort von ihrem Vater verabschieden. Im Alter von 100 Jahren verstarb sie schließlich im Jahre 1997 in Southampton. Ihr jngster Sohn David,

der selbst 30 Jahre zur See fuhr, hat auf beeindruckende Weise ihr bewegtes Leben nachgezeichnet und auch in den ersten Kapiteln des Buches beleuchtet, welche schwierige Aufgabe die Crew der Titanic in jener verhängnisvollen Nacht zu bewältigen hatte. Ein absolut lesenswertes Buch

Kurzbeschreibung In 1996, at 100 years of age, Edith Haisman, (nee Brown) became the world's oldest living survivor of the Titanic disaster. She was almost sixteen years of age at the time and could well remember those screams and cries for help as the ship sank in those icy waters of the North Atlantic. Those sounds were to haunt her for the rest of her life.

She was almost sixteen years of age at the time and could well remember those screams and cries for help as the ship sank in those icy waters of the North Atlantic. Those sounds were to haunt her for the rest of her life.
über den Autor und weitere Mitwirkende David Haisman is the youngest son of Edith Haisman and has spent 30 years of his working life at sea. During that time he has served on the world's largest liners namely the Queen's Elizabeth and Mary. Whilst serving with Cunard White Star line as it was then called, his duties included those of lookout man, going over the same course and experiencing the same weather conditions as those in Titanic's day. His experience gives his story greater credibility on the subject than many other authors on the subject.
