Von Lana Penrose : To Hellas and Back (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised To Hellas and Back (English Edition):

Kurzbeschreibung When Lana and Dion head to Athens, they have no idea what lies in wait. Dion has been offered the job of the century, while Lana chases a sabbatical involving sun, sea and sand. But while the gods couldn't have been kinder, this is one travel adventure that does not go according to plan. Lana finds it difficult to articulate beyond pointing and snorting. She acquires towering hairstyles and discovers solace only through tweezing her leg hair. Meanwhile, Dion is having the time of his life, embracing his Greek ancestry, and slipping further from Lana's grasp just when she needs him the most. Welcome to a cross-cultural love story with all the trimmings: a big, fat Greek wedding, a son-worshipping mother-in-law, a fast-crumbling psyche and an unexpected ending. You'll laugh til you cry Cleo
