Bei intensivem Studium hinreichend fr das Foundation ExamVon Josef KreulichDas Buch fhrt zielorientiert zum Exam. Es liest sich zwar nicht wie eine Novelle, doch berzeugen die Reihenfolge des Aufbaus sowie die kapitelweisen Zusammenfassungen und bungen. Fr das Exam sollte man sich den Inhalt des Buches jedoch schon verinnerlichen.0 von 0 Kunden fanden die folgende Rezension hilfreich. togaf preparationVon Alexandre Ossipovhave bought the book

as a test preparation but looks like it is better to have something for both certification levels combined. the explanations are too short and sometimes missing the explanation and especially examples for better understanding

Not enough to go for the certification exam. I would recommend to use the pocket guide as direction and summary of the subjects and just use/read the full specification available online.
