Von Mayumi Yoshida Barakan, Judith Connor Greer : Tokyo New City Guide before purchasing it in order to
gauge whether or not it would be worth my time, and all praised Tokyo New City Guide:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Very
useful....however....Von nekko925The choice of stores are great and descriptions themselves are a fun read. The
directions for finding locations are flawless. Maps in the back are extremely useful and prevented lots of unnecessary
backtracking. A great book! Here are a few comments for the author and publisher - the book is heavy to carry around.
I would split it into a 2 piece volume - sightseeing/shopping/neighborhoods and then arts/history/culture so then you
only have a carry one at a time. Also the writing tends toward fairly dry - just the facts, ma'am. Although I guess dry
and accurate is better than clever and shallow. Also, wish they would update the book more frequently - I have bought

2 editions now and for a city like Tokyo, you really need a new edition every 5 years or even less.0 von 0 Kunden fanden die folgende Rezension hilfreich. The most useful guide to TokyoVon PollyThis book made our trip to Tokyo very memorable and enjoyable. The history portion written of each district helped us appreciate Tokyo, the maps were very useful and helped us find some very out of the way places. The fact that they included place names in English AND Japanese characters was extremely helpful in practically locating places (most places in Japan are not labelled in English as most guidebooks are). The restaurant recommendations were very good and reliable. A must buy for Tokyo travellers.0 von 0 Kunden fanden die folgende Rezension hilfreich. THE Tokyo guide bookVon bwood@bga.comThis is one of the most complete and easy to use guidebooks for Tokyo. Whether you are going to Tokyo for an extended stay, a vacation, or a quick business trip, this should be the first book you buy and the one you take with you. It is packed with accurate, practical information and a number of pleasant surprises.

KurzbeschreibungThe Tokyo New City Guide goes far beyond the well-worn tourist itineraries and deep into the complex, highly contrasted heart of one of the world's largest and most exciting cities. This lively, up-to-the-minute Japan travel guide covers modern Tokyo like no other. Here's where you will find the ideal balance between the still-extant traditional Japan with its temples, way of life, arts and crafts, kimono, festivals, customs and cuisine and the crowded futuristic technopolis of electronics, high fashion, contemporary art and architecture, and gastronomic experiences from the four corners of the globe. Bewildering at times, the coexistence of such contrasts is precisely what makes Tokyo tick. More than just a perfunctory Tokyo guide, this is a handbook for life in contemporary Tokyo. The style is informative, absorbing and witty and, where due, refreshingly frank and critical. Bursting at the seams with information, it is not only invaluable for the short term visitor or the newcomer, but likely to send even the most jaded long-term residents off to explore some new horizons of their many-faceted adopted home.
