**Von Fred Jones, Patrick T Jones : Tools for Teaching - Discipline-Instruction-Motivation (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Tools for Teaching - Discipline-Instruction-Motivation (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. This book really helped me for my start into my second year of school!Von Monika AbtVery down to the point with tips one can implement immediately. Certainly a MUST-HAVE-READ!If you haven't started teaching yet, it's worth it for

getting an idea, what you have to think about regarding classroom management. If you teach already, it can help you to find out, what is working well in class and what not. I read it together with "The First Days of School: How to Be an Effective Teacher". This combination of books really saved my start and brought back to me the joy of teaching.

Kurzbeschreibung Tools for Teaching is the fruit of over four decades of research and collaboration with teachers by Dr. Fredric H. Jones. Dr. Jones has studied the natural teachers - the ones who get the good kids every year and produce two years of learning in one. What do they do? In answering this question, Dr. Jones has described the fundamental skills of classroom management in great detail. Teachers say, This is the first time someone has told me exactly what to do rather than just giving me generalities. Just as importantly, the book is both enjoyable and down to earth.
