Von James Athearn, 1791-1854 Jones : Traditions of the North American Indians, Vol. 1 before purchasing it in order to gage whether or not it would be worth my time, and all praised Traditions of the North American Indians, Vol. 1:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. "Tales of an Indian Camp."Von BernieI have several books on Native American myths and traditions. Some are on specific tribes. So I was expecting the book by James Athearn Jones (1830) to be the same but just fill in information for the Northeast Indian Nations. I was surprised to find this presentation is quite different from other books. First it tells the story of how they had to locate the right person to collect the tales. They needed a unique person that had a variety of

skills from religious to martial to great listening and scribing skills. When they got down to telling the stories I was intrigued with many of the concepts as to why people had different skin colors to many myths that paralleled Greek myths. The writer also has plenty of footnotes so the book for the most part is annotated. I was really amazed to find out how many tribes made up the different nations and how they interacted with each other. This social interaction is actually more interesting than the stories told. No pictures or illustrations. Each tale title is underlined. But you will not be disappointed as you will want to read from front to back. One of my purchase criteria is Kindle text-to-speech enabled.

KurzbeschreibungHardPress Classic Books SeriesKurzbeschreibungHardPress Classic Books SeriesSynopsis
Fascinating work, part of a three volume set which was first published in 1830. Includes detailed illustrations.
