Von Lucy Mallows : Transylvania (Bradt Travel Guides (Regional Guides)) before purchasing it in order to gage whether or not it would be worth my time, and all praised Transylvania (Bradt Travel Guides (Regional Guides)):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Respectful analysisVon Hubert RosselThis guide refers to the ancient historical province of Transylvania stricto sensu,

without the Partium, Banat and Maramures areas. It is especially interesting since the author respects the different cultural sensibilities of the region. The names are given in Romanian and in Hungarian in the specific areas. The index is well constructed and rather complete, as well as the bibliographical references, which are quite eclectic. This book is highly to be recommended!0 von 0 Kunden fanden die folgende Rezension hilfreich. Good and completeVon Pieter BoschThis book is very complete. It gives all kind of information about this beautiful region at Romania. A must have for those who want to travel there. And a lot of background information about culture and a nice summary per region and city.

KurzbeschreibungTransylvania is a wild, wooded, intensely romantic region, filled with mountains, gorges, myths and legends, dragons, wolves and vampires. This new edition of the hugely popular and personal guide to the romantic Transylvania region covers a whole range of attractions from creepy castles to medieval landscapes populated by vampires, bears and wolves.
