A fantastic guideVon Ein KundeA trip to the Grand Tetons this year was greatly enhanced by this book, which I came upon with a search on .com. We used it to plan a car trip from Portland and we followed the Oregon Trail home from southern Wyoming. The maps were wonderful and the information accurate. We even golfed 9 holes at the Soda

Springs municipal golf course to see the swales on the 8th hole, in addition to many other stops of interest!
