All the faults you can make are described there and for this amount of money absolutly good!Von KundeThank you for this book! My mum wanted to visit me here in New Zealand and we booked a Campervan, which she is driving. I looked for way to stay safe, because when I came to New Zealand a few months ago, it was on

total conversion to drive on the other side of the road. I sometimes drove on the wrong side off the road and I was so lucky that there came no car! It is unbelievable how many accidents happen there. You describe all the dangers very well and just exactly how it is. Thank you. All the faults which I also made are in there and I will give it to my mum on the first day when she comes. When she reads it, then you give attention to all this faults and travelling is safe! 0 von 0 Kunden fanden die folgende Rezension hilfreich. safe travel in New Zealand Von Jan Lachmann I'm taking a gap year in New Zealand.
