Von Boye Lafayette De Mente : Tuttle Japanese Business Dictionary Revised Edition before purchasing it in order to gauge whether or not it would be worth my time, and all praised Tuttle Japanese Business Dictionary Revised Edition:

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Business Japanese - Not for rookies ! Von Anonymous Spartacus 3 stars because it is a nice introduction to business Japanese terms and etiquettes. However it lacks depth for real business deals, presentations, occasions and situations with the

"nihonjin". Also it should be noted that the Japanese terms used in this book require a minimum knowledge of the language to understand and use this dictionary in the right way. Furthermore there is only one way translation from English into Japanese, so it is not really a dictionary. Hence I would recommend this book to people who have already knowledge of the Japanese language, but have some questions concerning the way of doing business in Japan and not to people who have never been in contact with Japan or Japanese language. Furthermore for the people who have already profound knowledge about Japan and its culture, there is nothing new in this book.
