KurzbeschreibungWith the help of a friend from Berlin and Facebook, Sally and Maximilian found themselves

coincidentally departing from Munich airport and transiting in London. Maximilian, who lives in Iceland, was visiting his parents in Munich where Sally, an American lady, was spending a last minute holiday. Sallys fear of flying as well as Maximilians secret has made it unexpectedly easier for them to get closer to each other. In fact, a series of hilarious events at Munich airport and a romantic pact which they both agreed to just before boarding, transformed them from being single to being married. However, their onboard marriage was not without its ups and downs. Although they were supposed to be married for only 2 hours (the duration of their flight) unpredictable scenarios started unfolding, which prolonged their trip and turned it into an adventure to remember for the rest of their lives. The book is packed with suspense, action, romance and humor. As in the words of the editor Mr. Lorcan Flynn, the story is touching and will no doubt please...
