Von Aghaegbuna Ozumba, Chineme Ozumba : Uche Uzo Say it in Igbo (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Uche Uzo Say it in Igbo (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. great idea!!Von nasenbrWe bought three books out of the Uche Uzo series for our little daughter. This is the one she likes best."Animals we see at home" shows a variety of common Nigerian animals. there is always a picture of the animal on the left, and the igbo name written on the right page. Alltogether 17 animals are shown. The book is very simple

and colorful. To us the artwork of the book seemed really weird - BUT our daughter loves it! It's a lot of fun for her and her Igbo father and a good opportunity for the rest of the family to learn some Igbo as well! As Uche Uzo is the ONLY Igbo book we could find for children - 5 points for the authors for this great idea of getting children abroad to know their parents' culture! It's about time!
