Will definitely look with other eyes to people, customs of Italians/Romans, the city, next time I go to Rome! And I personally discovered James Taylor after this book, as stupid as this may sound.... 0 von 0 Kunden fanden die folgende Rezension hilfreich. Funny Von Aleksandar Georgiev I liked

it. Not too much, not too less, offers some very good tips in 'roman' lifestyle. Next time I go to Rome - would definitely look otherwise to the city and the people there!0 von 0 Kunden fanden die folgende Rezension hilfreich. KurzbeschreibungHis name became famous due to his encounter with Elizabeth Gilbert, the author of the bestselling book Eat, Pray, Love. He is none other than the character 'creatively' named... Luca Spaghetti. When Luca Spaghetti (yes, that's really his name) was asked to show a writer called Elizabeth around Rome, he had no idea how his life was about to change. She embraced his Roman ebullience, and Luca in turn became her guardian angel, determined that his city would help Liz out of her funk. Filled with colourful anecdotes about food, language, soccer, daily life in Rome, and culminating with the episodes in Liz's bestselling memoir told from Luca's side of the table - this is a book that every traveller to Rome will find enriching and no fan of Eat, Pray, Love will want to miss.Pressestimmen"Luca Spaghetti is not only one of my favourite people in the world, but also a natural-born storyteller...
