Uncle Elephant is a Gem!Von Ein KundeI discovered "Uncle Elephant" from a video that I rented for my toddler son, "Frog and Toad Together". There was a song "Count to Ten" that featured the "Uncle Elephant" character and it was so delightful that I went and got the book from the library. It is easy reading and is heartwarming. His wrinkles and cane remind you of a long-missed grandparent.The book consists of several small stories, so it does not demand much of an

attention span so you can read this book to a child who is too young to read and it's simple sentences are a good book for a new reader. It's very charming!

Kurzbeschreibung While his mother and father are away, a little elephant goes to visit his uncle. The visit is perfect, except for one thing--it ends much too soon.
